

Show Setup/Take Down

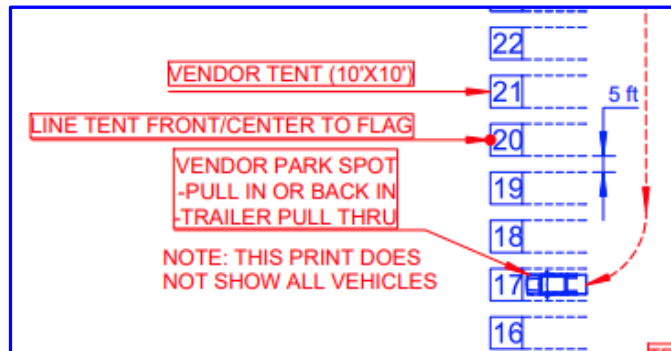

1. Where: John Street Field, 305 N John St Highland, MI 48357
2. Vendor setup time: 3-4 PM (We will be there at 1:30. If you need more time come sooner.)
3. Enter the field thru the North entrance off of John St. See below. (At setup it may be possible to enter the field through the driveway where the food trucks are located. It won't be possible to leave from there due to the rock wall and food trucks.)

4. Drive to your assigned spot. Your site number will be written on a yellow flag. See photos below.

5. Center the front side of your tent on the flag. If you are along the walk, the front tent legs should set near the concrete. On the grass, the front side of your tent should be centered on the flag facing the open field. Try to line the front of your tent to your neighbors.

6. Unload and set up your site.
7. When you have unloaded position your vehicle behind your tent.
8. Come to the Information Station and check in. See the PDF for our site location (Site I). We will check you in and give you your gift bag.
